Tuesday, September 22nd CAESAREA MEGIDDO NAZARETH

This morning we will visit **Caesarea**, a city built by Herod the Great to serve as his port. He also constructed a theater which held 3,500.

Mt. Carmel, 1791 ft high – the spot where Elijah challenged 450 prophets of Baal to see who could first light the sacrifice on the altar by fire.

The spacious **Jezreel Valley** spreads out to the north and east from Mount Carmel, providing convenient passage for international travelers in ancient times. The fertile alluvial soil makes this the country's breadbasket as well. The Bible speaks of the gathering of armies in this valley at the place of Armageddon.

Then to **Megiddo**, in a strategic location astride the Megiddo Pass and inside the busy **Jezreel Valley**. The modern road follows the ancient one. North of the Jezreel Valley and nestled in a circle of cypress-studded hills, **Nazareth** was a relatively isolated village in the time of Jesus' youth with a population of less than two hundred. Visit the **Basilica of the Annunciation**, the largest Christian Church in the Middle East which is said to mark the grotto where the Archangel Gabriel appeared to Virgin Mary. Today Nazareth is home to more than 60,000 Israeli Arabs and home to thousands of Jewish residents.

Cana is celebrated as the scene of Jesus' first miracle. It's actually the place of his first two public miracles in Galilee — the changing of water into wine and the remote healing of an official's son in Capernaum (19 miles away). The Galilee (primarily the mountainous region of Israel) is one of the most beautiful parts of the country. Situated in the north, it is characterized by its lush landscape with agriculture, amazing natural landforms, historic sites and quaint rural villages.

GALILEE

Boat trip-Sea of Galilee, Capernaum, Mt of Beatitudes, Tabgha, Jordan River

Today we will enjoy several memorable highlights of our trip. We will sail to Capernaum across the **Sea of Galilee** that Jesus calmed with His word. The highlight is when the captain cuts the motor and we're surrounded by landscapes sacred for thousands of years. In our wooden boat, resembling the ancient ones, we feel we've gone back to a time when people depended on wind and waves for their livelihood and their miracles. Here, Jesus walked on the water (John 6:19-21), calmed a storm (Matt. 8:23-26), and showed the disciples miraculous catches of fish (Luke 5:1-8; John 21:1-6).

While in **Capernaum**, the center of Jesus' activities during his ministry, we will visit the ruins of an ancient synagogue where Jesus most likely taught. We'll continue to the **Mount of Beatitudes**, site of the Sermon on the Mount and also the site of the Miracle of the Loaves and Fish.

Tabgha - The Church of the Multiplication is believed to occupy the site where Christ performed His miracle with two fish and five loaves. This day could be one of the highlights of our life as we will have the choice to renew our vows to God as those who choose to be baptized in the **Jordan River** may do so. It is the site where Jesus was baptized by John the Baptist. More than half a million tourists and pilgrims flock to this holy site each year, many to be baptized in its hallowed waters. There are 12 baptismal pools (visitors may rent white baptismal robes in order to enter the pools), as well as utilize changing rooms, and hot showers. Additional highlights include a waterfront promenade, a restaurant and a gift shop, where it's possible to buy souvenirs including holy water and stones from the River Jordan.

UPPER GALILEE

Tel Dan Caesarea Phillipi Golan Heights Mt. Bental

Today we drive to the **Upper Galilee** and visit **Tel Dan**, a nature reserve and the source of the Dan and Jordan Rivers. It is an impressive archaeological site with unique remains of the Canaanite and Israelite cities and a Biblical High Place. At **Caesarea Phillipi**, Jesus turned to his disciples and asked them who the multitudes thought He

was. They responded that some thought he was John the Baptist, others Elijah, but still others Jeremiah or one of the prophets. Then Jesus asked them who they thought he was and Peter answered, “You are the Christ, the Son of the Living God” (Matt 16:15-16). Jesus

blessed Peter and revealed to them “upon this rock I will build my church; and the gates of hell shall not prevail against it” (Matt 16:18). We then visit the **Golan Heights**, referred to as “Bashan;” the word “Golan” derives from the biblical city of “Golan in Bashan” (Deut 4:43, Josh 21:27). This area was assigned to the tribe of Manasseh (Josh 13:29-31). **Mt. Bental** is only 40 minutes from Tiberias and overlooks Syria; a great place to visit if you are curious about the Arab-Israeli conflict, or want to take in an amazing view!

Friday, September 25th BEIT SHE'AN JORDAN RIVER VALLEY

This morning, we visit **Beit She'an**, the excavations of one of the largest Roman cities

in the world. It's strategic position in the fertile Beit She'an valley made it one of the major cities in the Land of Israel. Drive through the Jordan River Valley and the West Bank past **Jericho** - administrative control was handed over to the Palestinian Authority in 1994.

Jericho is believed to be one of the oldest inhabited cities in the world and the city with the oldest known protective wall in the world.

In the desert along the banks of the Jordan River on the border with Jordan, we find the baptismal site of Qasr al-Yahu, the site where according to tradition, Jesus was baptized by John the Baptist. Then the beautiful drive up to Jerusalem where we can view the city from Mt. Scopus.

JERUSALEM

Free Morning

Jewish Quarter, Western Wall, the Temple

The morning is free to sleep late, rest and relax, walk around and maybe shop a little. In the afternoon we will drive to the **Jewish Quarter**.

The Jewish Quarter is one of four traditional quarters of the Old City of Jerusalem. This 28 acre area lies in the southeastern sector of the

walled city, and stretches from the Zion Gate in the south, along the Armenian Quarter on the west, up to the Street of the Chain in the north and extends to the Western Wall and the Temple Mount in the east. In the early 20th century, the Jewish population of the quarter reached 19,000 and is now inhabited by 2,000 residents.

The **Cardo** was Jerusalem's main street 1500 years ago. In its day, the Cardo was an exceptionally wide colonnaded street running through the heart (or cardo) of the city on a north-south axis. Today the Cardo is one of the key attractions in the Jewish Quarter. A section of the Cardo has been reactivated as a shopping street, full of arts and various special goods.

Herodian Quarter is the quarter of the priests, the wealthy and important residents of Jerusalem, where the houses of the priests who served in the Second Temple were

discovered, containing beautiful mosaics, warehouses, and ritual immersion baths – all in one place. The site is underground.

Herod's Palace in Jerusalem was built in the 1st century BC by Herod I. The towers have been found in the present Citadel courtyard. The camp of the Tenth Legion was in the area of the palace ruins, a camp which covered the entire Western Hill.

We will visit the **Western Wall, the Temple area** and the colorful bazaars. We will stand on the very steps that Jesus walked to enter the Temple and will see where 3,000 were baptized in one day. The Western Wall is also known as the **Wailing Wall**. When Rome destroyed the Second Temple in 70 BC, the Western Wall was the only outer wall that remained standing.

Southern Steps of the Temple Known to Christians as the "Teaching Steps", the steps at the southern end of the Temple Mount are believed to be where Jesus would often teach when he was in Jerusalem. These steps led to the Hulda gates which was the primary entrance to the Temple Mount in the time of Christ.

Sunday, September 27th MASADA EIN GEDI QUMRAN DEAD SEA

Masada, a rugged natural fortress of majestic beauty, in the Judaeen Desert overlooking the Dead Sea between Sdom and Ein Gedi, is a symbol of the ancient kingdom of Israel. Masada was Herod's royal citadel and later the last outpost of Zealots during the Jewish Revolt. The citadel was the site of the most dramatic and symbolic act in Jewish history, where rebels chose mass suicide rather than submit to Roman capture.

Ein Gedi is the largest oasis along the western shore of the Dead Sea near the Caves of Qumran. Also known as Tel Goren, the springs here have allowed nearly continuous inhabitation of the site. The area was allotted to the tribe of Judah, and was famous in the time of Solomon (Josh 15:62).

The **Dead Sea**, unlike the Sea of Galilee to the north, does not figure prominently in the biblical narratives. Its most important role was as a geographical barrier, blocking traffic to Judah from the east.

Qumran is an archaeological site in the West Bank located on a plateau near the Dead Sea. The Dead Sea Scrolls were discovered in 11 caves there from 1947 – 1956.

NEW JERUSALEM BETHLEHEM

This morning we will view the **Knesset**, Israel's unicameral parliament which is the country's legislative body. The Knesset took its name and fixed its membership at 120 from the representative Jewish council convened in Jerusalem by Ezra and Nehemiah in the 5th century BC.

Then to the **Israel Museum** which was founded in 1965 as Israel's national museum.

The **Shrine of the Book** is a wing of the museum which houses manuscripts from the Dead Sea Scrolls. The **2nd Temple Period Model** is also located in the museum.

Yad VaShem Memorial is Israel's official memorial to the victims of the Holocaust. It is dedicated to preserving the memory of the dead; honoring Jews who fought against their Nazi oppressors

and Gentiles who selflessly aided Jews in need. Established in 1953, Yad Vashem is on the western slope of Mount Herzl, also known as the Mount of Remembrance. We

depart Jerusalem and view **Bethlehem**. Visiting there is not an easy journey these days as it is in Palestinian Territory. There, the **Church of the Nativity** is revered as the place where Jesus was born (Matt. 1: 18-25; Luke 2: 1-7). The church, which was constructed on the site, is the world's oldest functioning church. Nearby you'll view **Shepherds' Field** where the Good News was first heard.

Tuesday, September 29th CITY of DAVID Mt. ZION CAIPHAS' HOUSE

This morning we are on our own to rest, relax or sleep late. In the afternoon we will visit the City of David Archeological Site, then to **Mount Zion** for a visit to the **Tomb of David** and the **Upper Room** where we remember the Last Supper and the Fire of Pentecost. Mount Zion is a hill just outside the western wall of the Old City. The term Mount Zion has been used in the Bible for the City of David (2 Samuel 5:7, 1 Chronicles 11:5; 1 Kings 8:1, 2 Chronicles 5:2) and for the Temple Mount. **Caiphas' House (St. Peter of Gallicantu)**, the condemned cell where Jesus was held. Appreciate the modern chapels with lovely paintings and don't miss outside the steps where Jesus walked to this place which is built over the house of Caiphas, the high priest. This is where Peter denied Christ three times before the cock crowed.

Wednesday, September 30th THE OLD CITY of JERUSALEM **Mount of Olives Garden of Gethsemane Via Dolorosa Garden Tomb**

Jesus often traveled over the **Mount of Olives** on a walk from the Temple to **Bethany**. He also went there to pray or to rest. He went down the mount on his triumphal entry into Jerusalem on Palm Sunday, weeping on his way over the city's future destruction (Luke 19:29-44). In a major address to his disciples on the mount, he foretold his Second Coming (Matt 24:27-31). He prayed there with his disciples the night before he was arrested (Matt 26:30-56). He ascended into heaven from there (Acts 1:1-12).

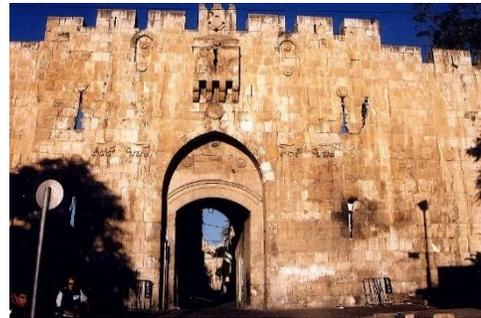

Garden of Gethsemane olive trees

This morning, near the foot of the Mount of Olives, we will pray at the **Garden of Gethsemane** and worship nearby in the **Church of the Agony**, built over the rock on which Jesus is believed to have prayed in agony before he was betrayed by Judas Iscariot and arrested. About 100 meters north of the church is the **Grotto of Gethsemane**, where Jesus and his disciples often camped at night. In this natural grotto, it is believed, the disciples slept while Jesus prayed. Near the grotto is the **Tomb of Mary**, where a Christian tradition holds that the mother of Jesus was buried after she “fell asleep”

in death.

We will start the walking tour of the Old City by entering via **Lion’s Gate**, also known as St. Stephen's Gate (one of 7 open gates in the Old Wall of Jerusalem). It is located on the eastern wall and marks the beginning of the traditional Christian observance of the last walk of Jesus from prison to crucifixion.

We will arrive at the **Via Dolorosa**, which will take us to the Church of the Holy Sepulcher. Singing praises to God in the **Church of St. Anne** will bring us closer to the glory of His Presence and prepare us to stand beside the **Pool of Bethesda** where Jesus touched the lame man and commanded him to take up his pallet and walk.

Pools of Bethesda: Among the most famous of Jesus’ miracles is recounted in the Gospel of John, where Jesus heals the paralytic at the Bethesda Pool (John 5:2-9).

St. Anne’s, a beautiful 12th century Crusader church erected over the traditional site of the birthplace of Anne, mother of Mary. The church is next to the Bethesda pool and ruins of a Roman temple.

Antonia fortress, where Jesus the Christ went before Pilate, where He was flogged, where He was crowned with thorns as the soldiers played the king’s game with Him...where He was given the cross.

Via Dolorosa (Way of Sorrow) is a street in Old Jerusalem, believed to be the path that Jesus walked, carrying His cross, on the way to His crucifixion. The route begins at Antonia Fortress and continues to the **Church of the Holy Sepulchre**.

The route is 650 yards long and is marked by 9 stations of the Cross (plus 5 stations in the church). We then visit **The Garden Tomb**, a rock-cut tomb unearthed in 1867, believed by many to be the garden and sepulchre of Joseph of Arimathea, and therefore a possible site of the resurrection of Jesus. Here we

will observe The Lords Supper. Then we enjoy our Farewell Dinner before our transfer to Ben Gurion Airport in Tel Aviv for our nonstop flight home.

Depart Tel Aviv @ 10:40P.

The HOLY CITY of JERUSALEM - Located in the Judean Mountains, between the Mediterranean Sea and the northern edge of the Dead Sea, modern Jerusalem has grown far beyond the boundaries of the Old City. Jerusalem is a holy city to the three major Abrahamic religions – Christianity, Judaism and Islam. In Christianity, Jerusalem has been a holy city since, according to the New Testament, Jesus was crucified in 30 AD and 300 years later Saint Helena found the True Cross in the city. In Judaism, Jerusalem has been the holiest city since, according to the Torah, King David of Israel first established it as the capital of the united Kingdom of Israel in 1000 BC, and his son Solomon commissioned the building of the First Temple in the city. As a result, and despite having an area of only 0.35 sq miles, the Old City is home to sites of key religious importance, among them the Temple Mount, the Western Wall, the Church of the Holy Sepulchre and the Dome of the Rock. During its long history, Jerusalem has been destroyed twice, besieged 23 times, attacked 52 times, and captured and recaptured 44 times. The oldest part of the city was settled in the 4th millennium BC, making Jerusalem one of the oldest cities in the world. The old walled city has been traditionally divided into four quarters, although the names used today—the Armenian, Christian, Jewish, and Muslim Quarters—were introduced in the early 19th century.
